Summary

Technically driven Full Stack Developer with 4+ years of experience building high-performance web applications using React.js, Next.js, and Node.js. Skilled at developing scalable frontends, integrating complex APIs, and collaborating on backend systems including Golang microservices.

Experience

Tekkon Technologies | Full Stack Developer | (02/2024 - 04/2025)

- Developed and maintained full-stack features using Next.js (frontend) and Node.js (backend).
- Created and consumed RESTful APIs for seamless data exchange between client and server.
- Designed responsive and accessible user interfaces with Tailwind CSS and TypeScript.
- Implemented authentication and protected routes, handling session-based logic.
- Utilized AWS S3 for file uploads and storage.
- Participated in Git-based workflows and code reviews in a collaborative Agile team.

WesionaryTEAM Co. Ltd. | Software Developer | 02/2021 - 01/2024

- Developed end-to-end features using React.js, Next.js (frontend) and integrated with Golang APIs.
- Built scalable UI components and implemented dynamic rendering based on API data.
- Integrated real-time WebSocket connections for live data updates.
- Contributed to backend services written in Golang; implemented minor features and handled bug fixes.
- Improved application performance with code-splitting, lazy loading, and optimized REST API calls.
- Collaborated with backend engineers to design API contracts and streamline integration.
- Participated in CI/CD pipeline maintenance and Docker-based development environments.
- Ensured application accessibility (WCAG) and cross-browser responsiveness.
